

## IEEE MWSCAS 2026

August 9 – 12, 2026

Hilton Netherland Plaza, Cincinnati, Ohio, USA

## ABOUT THE CONFERENCE

MWSCAS 2026 invites proposals for tutorial topics in established technical areas or new research areas that support the conference theme of **co-design across scale, from systems to devices to circuits** as well as other emerging topics such as:

- Hardware-Software combinations for machine learning, neural networks, and LLMs
- Novel cryptographic and/or security approaches and hardware-software encryption strategies
- Efficient power delivery and management in analog, RF, and VLSI integrated circuits
- Emerging technologies in EVs and green energy
- Neural interfaces, brain-computer interfaces, and healthcare technologies

Tutorial proposal  
submission  
deadline:  
**March 6, 2026**

Or until all slots  
are filled  
- *Don't wait!* -

Tutorials are a key component of MWSCAS, so **the tutorial sessions are free** for registered participants. **We anticipate high tutorial attendance and strongly encourage submissions.**

## TUTORIAL SUBMISSION GUIDELINES

Please submit proposals to <https://forms.gle/CRT6SeXjyio4jZdy7> or follow this QR code. Proposals should be limited to two pages with a one-page description of the tutorial and a one-page professional biography of the tutorial speakers.

The tutorial description should include:

- The length of the tutorial session (half or full day)
- The motivation and overall goal of the tutorial and session learning objectives
- An abstract breakdown of the tutorial syllabus including goals, timing, and presenter for each item
- Overview of the participant experience (lecture, interactive, hands on, etc.)
- List of special equipment required, if any

## CONFERENCE LEADERSHIP

General Chairs:

Soumyajit Mandal (*Brookhaven National Laboratory*)

Rashmi Jha (*University of Cincinnati*)

Tutorial Program Committee Chairs:

Steve Majerus (*Case Western Reserve University*)

Scott Arfin (*Advanced Bionics*)
